

ARE YOU HAPPY WITH THE WAY FLORIDA TREATS ITS CHILDREN?

Did you know...

- Florida is **49th** in the percentage of **uninsured children**;
- Florida spends \$51,000 per year for a juvenile in a secured facility and \$20,000 per year for an adult inmate, **yet only invests \$6,866 per year in our students and \$2,575 per year for early childhood education**;
- Florida ranks **50th** in total state government education spending **for every \$1,000 of personal income**.

Show the leaders of our state that the people truly demand that children become the first priority in Florida's decision-making.
